Dear Parents,

We understand the life-changing value of an excellent, Christ-centered education. We also know that investing in a Christian education can be challenging. We are committed to making Billings Christian School accessible and affordable for Christian families, working hard to provide a tuition aid program which bridges the gap between tuition and what a family can afford.

The goal of the Tuition Aid Program is to provide financial assistance to help Kindergarten-12th Grade families with tuition payments. The assistance, intended as a supplement to a family's resources, is not restricted to only families whose ability to pay tuition is limited; it is also available to those families who may only need small awards or who have multiple children. We also partner with a wonderful organization, ACE Scholarships. ACE provides partial scholarships for private school education to families new to private education as funds are available. If your family qualifies for this scholarship, you will automatically be notified with application materials. Financial aid awards range from 5% to 65%. Funds are limited so we would encourage you to apply as soon as possible.

Aid is provided to families with demonstrated financial need as determined by our third-party provider, FACTS Grant and Aid Assessment. Demonstrated need basis is not associated with academic or athletic achievement. **FACTS provides a confidential, objective assessment** of financial need based on information provided by parents.

**The following information is required in order for FACTS to process your application:**

1. Completed online application - click website link: [Apply for FACTS tuition assistance](#)
